NATIONAL VOLUNTEER OPPORTUNITIES

GWIS is a volunteer organization that encourages its members to become actively involved to support the organizational goals. More information is available on the website (www.gwis.org). (If you are interested in any of the areas listed, please check the box next to it.)

- Chapter Establishment
- Development
- Editorial and Newsletter
- Fellowships Reviewing
- Member Recruitment
- National Committee Service
- Public Relations
- Website Development

DUES

Membership Dues are based on an administrative calendar from July 1 to June 30. Chapter dues are additional and may be viewed on <http://www.gwis.org/membership.html>. Please include both chapter and national dues with your check. If you are unable to view the chapter dues on-line then send in the National dues and upon receipt, we will have a chapter representative contact you.

MEMBERSHIP TYPE	NATIONAL DUES
Regular (Includes Post Doc)	⇒ \$60
Graduate Student	⇒ \$25
Emeritus	⇒ \$25
Affiliate (K-12 Teacher) (Undergraduate)	⇒ \$10
National Life	⇒ \$600

Revised dmm 083109

ACTIVE CHAPTERS (in Greek alphabetic order)

Alpha Lambda	2008	Hawaii and Pacific Rim
Alpha Omega	2002	Boston, MA and surrounding areas
Beta	1922	U. of WI, Madison, WI
Kappa	1928	New York, NY
Nu	1936	Penn State U., PA
Xi	1945	Mpls/St. Paul, MN
Omicron	1948	Washington, D.C.
Rho Tau	2009	Research Triangle, NC
Sigma	1987	Orange Cty, CA
Tau	1959	San Diego, CA
Psi	2004	Pullman, WA
Omega	1936	At-large US Chapter and International

AN INVITATION TO JOIN

Σ Δ Ε

G W I S

GRADUATE WOMEN IN SCIENCE

Includes mathematical, physical,
biological sciences and engineering

Founded in 1921 and affiliated with AAAS
since 1939

"United in Friendship through Science."

MISSION

To advance the participation and recognition of women in science and to foster research through grants, awards, and fellowships.

HISTORY

Women graduate students from Cornell University founded SDE/GWiS (often referred to as GWIS) in 1921. Currently there are 11 active chapters throughout the United States and one chapter at-large (Omega) where members who do not live in the vicinity of a city or university chapter can be affiliated. Members from Canada and other countries are also included in Omega's membership.

MEMBERSHIP REQUIREMENTS

If you hold a baccalaureate degree or higher in a scientific discipline in which the scientific method is used and have some research experience, you are invited to join. Many of our members hold masters and doctoral degrees. Graduate students and postdoctoral fellows, in particular, can benefit from the advice and networking that GWIS can offer during this formative stage of their careers.

MEMBERSHIP BENEFITS

- Meet other women scientists with diverse backgrounds and interests.
- Develop leadership and team building skills, essential in today's workplace.
- Gain insight into balancing personal and professional life.
- Obtain financial assistance in the form of GWIS fellowships and grants, which are awarded annually for research or travel to scientific meetings.
- Receive a Membership Directory of members in many scientific disciplines.
- Access our website, and an ever increasing number of linked chapter websites.

TAX-EXEMPT STATUS

GWIS is a 501(c)(3) organization. Contributions are fully deductible. Your dues may be deductible as a professional expense; consult a tax advisor.

NATIONAL ACTIVITIES

- Provide a forum to discuss members' interests including research, employment opportunities, science outreach, education, public policy, and more.
- Publish and distribute the GWIS Bulletin and monthly e-newsletter to all members.
- Support women graduate and undergraduate students in the sciences.
- Co-sponsor scientific symposia and other projects with the American Association for the Advancement of Science (AAAS) and other professional organizations.
- Recognize women who have made exceptional contributions to research or science education.
- Award National fellowships in support of research and travel to scientific meetings.

NATIONAL ANNUAL MEETING

This four-day June conference attracts GWIS members from all chapters and features keynote speakers, research poster sessions, career workshops, honorary awards presentations, and much more. Each year this meeting is hosted by a different local chapter, in a different part of the country. It provides excellent opportunities for networking and sustaining friendships among our international membership.

CHAPTER ACTIVITIES

All members of GWIS are invited and encouraged to join a local chapter. Our chapters are active organizations with numerous activities including: monthly meetings with presentations on scientific topics of interest, participation in mentoring programs, support of local science fairs, and sponsorship of undergraduate and graduate student receptions.

Choose the chapter affiliation from listing on the other side:

Local chapter

Affiliation: _____

Note: Chapter and National dues may now be paid online. See <http://www.gwis.org/membership.html> for chapter dues and links to pay both together. If you choose to mail in your dues, please fill out the application form and send to the Membership Secretary, whose address is on the back.
